MyP2p.me is MyP2P **free sport streams** style website, like was MyP2P.eu before someone shut them down (no one knows what happened). MyP2p is sport stream website, which means that you just come, click and watch sports. No problems, no hassles. At some other MyP2P there were viruses, but here you can see just ads for sportsbooks mostly. If you want to support MyP2P, register thru the banners. Thank you.

So once again, it is easy. Pick up a stream - click on it. If it does not work, try another link. MyP2P is a sport stream aggregator, so there are plenty of links to each event. No streams are hosted on this website, never were and never will be. Some links work only with additional software installed before you start downloading the stream. If you want to watch streams on mobile phone, use Skyfire browser! The best links are located on the top of the page. The links are sorted by time, so the newest links are also on the top.

If you are happy using MyP2p, spread the word about us (Facebook Like, Google +1, Twitter etc is waiting for your click). We warn you: NEVER ADD sport streams THAT ARE NOT FOR FREE! If you add stolen streams we will find you. Also we will do other steps and your IP address will not be kept secret. Support world economy and jobs! Intellectual property will stand even if mankind vanishes.
